

# THE EMPRESS EXPRESS

VOLUME VI. No. 45

EMPRESS, ALTA. THURSDAY, APRIL, 10th, 1919

Price: \$1.50 Per Year

## CATHOLIC SERVICES

There will be Mass at the following places on the dates and at the times named:  
 Empress, Saturday, April 12, at 8.30 a.m.  
 Empress, Sunday, April 13, at 9 a.m.  
 Acadia Valley, Sunday, April 13, at 12 noon.  
 Vandyne, Monday, April 14, at 12 noon.  
 Vandyne, Monday, April 14, 10.30 a.m.  
 Gold Springs, Tuesday April 15, 10.30 a.m.  
 Cavendish, Wednesday, April 16, 10.30 a.m.  
 Bindloah, Thursday, April 17, at 6.  
 Atlee, Friday, April 17, at 11.30 a.m.  
 Atlee, Saturday, April 19, at 8.30.

L. L. Hartman, govt. grain agent, arrived in town, Wednesday.

M. L. Haggins shipped in a carload of heifers, and F. Barry, four carloads this week.

## LIQUOR CASE DISMISSED

The case of the Canadian Wine & Spirit Co. and M. P. Cheek vs. the Village of Empress, et al; has been dismissed on account of the plaintiffs failure to put up the costs of the case. They were given until March 9, to post security for the costs of the case, but failed to do so.

E. L. Kenny, who has succeeded S. Dunbar, as manager of the local Bank of Commerce, arrived here on Thursday evening of last week. Mr. Dunbar, who has been in charge of the branch since it was opened in December, returned to Medicine Hat, by auto, on Friday afternoon. A farewell party was held at the Empress Grill, in honour of Mr. Dunbar, which was attended by about twenty of the business men of the town.

## C.P.R. Announce Construction of Lines Into Empress

Contained in last week's Winnipeg and other papers was information given to C.P.R. shareholders, concerning lines to be constructed in the West by the Company. The total aggregate is 464 miles. Included in the construction program, are two lines to be built into Empress, which make 204 miles of the total. The lines are; Empress to Milden, Sask, 132 miles, this line runs in a north-easterly direction from here, and the Empress to Acme, Alberta, line, which runs in a north-westerly direction from our town.

From other information we learn that work on the Acme to Empress line is to be started just as soon as the frost is out of the ground. The work will start from Acme east into Drydenheller. From Drydenheller they will run south-east along the bed of the river to range 14, where we are informed that they originally proposed to run a branch across the Red Deer river into Duchess, but the Canadian National Railway raised objection to their carrying the line across the river.

H. W. Bourke, dentist, is spending his holidays in Winnipeg and Minneapolis, the guest of friends.

Leslie Pullin, has entered into partnership, with his father in the meat business, under the firm name of Wm. Pullin and Son.

A very general snow and rain storm took place, on the 4th, 5th and 6th insts., which has gladdened the hearts of the farmers. It was a real old-time soaker and has supplied a fund of much-needed moisture for the season's crops. The snowfall is reported much heavier in the outlying districts than in town. Seeding will be delayed as a consequence, but no one has objection to the delay under the circumstances.

## LADIES OF THE CONGREGATION

The Ladies of the Congregation have resumed their meetings, and it is hoped that the "flu" epidemic will not necessitate another cessation of the work. The ladies were well pleased with their financial success at the bospital lunch, the sum being so close to \$100 that the amount was soon made up.

This \$100 was voted to be set aside as their initial fund for a church building and the ladies desire to thank those who contributed in any way, those who donated food, assisted in serving, and the carlers for their patronage and assistance.—Committee.

## FORM RECREATION SOCIETY

Castle Coombe,

April, 1919

A meeting was held at Castle Coombe, P.O., on Thursday, April 3, to decide if it would be profitable for this community to have a recreation society. A fairly representative company were present. A vote was taken on the subject and carried unanimously. A president, vice-president, and secretary-treas. were elected, and with the addition of two others were made a committee to draw up a constitution. It was decided that a social evening should be spent at the P.O., and following a short programme the constitution and previous minutes of meeting would be read for approval.

On April 18 a meeting will be held in the Mayfield school house, and each clause of the constitution voted on. All who are interested are requested to be present. We are hoping that we shall have the hearty co-operation of the entire neighbourhood.

C. Stewart, returned from the U.S. on Thursday last, having received his discharge from the expeditionary forces there.

Mr. and Mrs. A. C. McNiven, and family arrived from Calgary, on Wednesday to take up residence on their homestead here.

## United Church

Sunday, April 13 — Sunday School and adult bible class 2.30 p.m. It is important that teachers and officers be present. Public worship, 7.30 p.m.

Fred. Hay, returned to Empress on Thursday evening last after having spent three years in overseas military service.

## To Improve Road Through Sandhills

A communication to the Board of Trade from G. S. Pingle, M.L.A. states that the road through the sandhills southwest of town, is to be improved. Road foreman Bishop is expected to be here shortly in connection with road work in the district.

## Banking Service

YOUR banking requirements may be entrusted to this Bank with every confidence that careful and efficient service will be rendered. Our facilities are entirely at your disposal.

## THE CANADIAN BANK OF COMMERCE

## Automobile Repairing

We have equipped our shop for BETTER WORK. We can handle jobs of Overhauling in less time at less cost than ever before.

We are equipped with a "RUN-IN MOTOR." This device will save you money on overhauling work and gives you a smoother-running engine with more power.

Come in. We will tell you what your repair bill will be before we start.

All work guaranteed.

Remember, we handle only genuine Ford parts.

Victory Bonds taken as Cash

# Britain Would Secure A Permanent Peace

London.—A full dress debate on the question of the proceedings of the peace conference, in regard to the payment of indemnities, took place recently. A number of the Germans expressed apprehension that Germany might succeed in her efforts to avoid payment in full.

It was pointed out that Germany might be bankrupt now, but that the development of her resources would enable her to pay. Furthermore, it was not the business of the delegates at Paris to say what Germany could pay. Their affair was to present the bill, it was Germany's business to find ways and means of meeting her obligations.

Andrew Bonar Law, replying, did not think that there was any foundation for the statement that London's government had offered certain terms of peace. Neither he nor the prime minister knew anything about it. In regard to indemnities, Mr. Bonar Law stated that the government still intended to get from Germany what ever amount could be got from her. In this connection they had, not been influenced by President Wilson. Looking at the whole problem of the war, Britain's aim was to secure peace now and hereafter.

Unless, as a result of the war, the closest possible understanding, evened out, not only with France, with whom we had been all the time on good terms, but also with the United States, with whom there had been a lot of misunderstanding, a great deal would have been lost. The government recognized the greater efforts of some of our allies and desired to be fair to them, but in connection with reparations the government must be just to the creditor. As regards the disposal of money, up to recently the reparations commission had taken no decision as to the amount of the claim. It was only fair to assume that our representatives in Paris were as keen as the house to get the largest possible amount and that on the question of examination from that standpoint this argument was equally applicable to the allies.

He hoped that whatever was done, would be done by all the associated powers, but Franco-British interests were more direct than United States.

## HAD WEAK AND FAINTING SPELLS

Those feelings of faintness, those weak, "all gone" sinking sensations which come over some people from time to time, are warnings that they are not so well as they feel. They mean an extremely weakened condition of the heart and a disordered nervous system.

When the system is in this condition there is no time for delay. One fainting spell may be recovered from, but the next will be more serious.

Those who are wise will start taking Millard's Heart and Nerve Pills before their case becomes deep rooted and perhaps hopeless. They will act directly on the disordered heart and weakened nervous system and restore them to their strength and vigor.

Miss Mary McCoy, Algonia Mills, Ont., writes: "I was awfully troubled with fainting and weak spells, and I could never get any doctor's medicines to help me. One day a friend of mine was at the house when I took one of those pills, and she got me a box of Millard's Heart and Nerve Pills. That was six years ago and from that day to this I have never had any of those spells. I would not be without your pills for any money, and can honestly say I owe them to any one."

Millard's Heart and Nerve Pills are sold at all druggists, or mailed direct on receipt of price by The T. Millard Co., Limited, Toronto, Ont.

# Britain Will Exact Utmost Farthing

London.—In the house of commons, the government was subject to a great deal of criticism concerning the amount of indemnity concerning Germany is to be asked for in payment.

Col. Lowther, Unionist, declared that the delegates to the peace conference in Paris needed to be reminded that a majority of the members of the house of commons solemnly had pledged themselves to exact utmost farthing from Germany. He said he hoped Great Britain was not trusting to the United States and bowing before President Wilson, who could philosophically

## May Take Over G. T. P.

Stated as Probable Outcome of the Present Situation

Ottawa.—That acquisition by the government of the Grand Trunk railway will probably be the outcome of the present railway situation, was a statement made by Sir Thomas White when the bill confirming the appointment of a receiver for the Grand Trunk Pacific was being considered in committee.

Sir Thomas said he could not make this statement definitely, and suggested as possible alternatives that the government might resort to suit or foreclosure.

There was some criticism of the action of the government by Major The A. V. Lobb, who, he regretted that an order in council appointing a receiver had been passed before the government had declared its railway policy.

Sir Thomas said he could not make this statement definitely, and suggested as possible alternatives that the government might resort to suit or foreclosure.

Speaking at a late hour, Hon. Arthur Meighen stated that no step had been taken by the government which constituted a surrender of the position. He had, he said, a fair offer of arbitration, with no final limit fixed as was done in the case of the Canadian Northern.

## Hungarian Nobles

Search for Work

Baron Istvanow Now a Clerk in Private Business  
Berlin.—Reports from Budapest declare that the people are facing increasing numbers from that territory. One hundred and forty prominent political figures have been arrested, including Joseph Steptenzy, former minister of commerce, and Count George Karolyi, both of whom are in danger of being sentenced to death.

Baron Istvanow, a millionaire owner of a newspaper, is now a clerk in a private business, and other members of the nobility whose property has been confiscated, are searching for work.

## May Have Summer Fair

Moose Jaw.—If the citizens and business men of the city are interested enough to get behind the project, it is probable that a summer fair will be held this year, the probable date being August 5 to 8. Strong committees have been appointed by the Moose Jaw agricultural society to make a canvass of the city and district to ascertain the prospects.

Golf Links on Vimy Ridge  
Winnipeg, Man.—The Canadians have had out a nine-hole golf course on Vimy Ridge, the capture of which by the soldiers of the Dominion was one of the achievements of the war. The Dominion has a letter from the golfers in France. It is stated President Wilson will be invited to play on the historic links.

## The Case of Captain Fryatt

German Investigation of Execution of British Sea Captain Leads to Usual Excuse

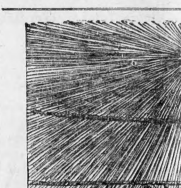

Berlin.—At a continuation of the investigation into the execution of the British merchant marine captain, Charles Fryatt, by the Germans in 1916, Prof. Shuecking, a member of the investigating commission, explaining the grounds on which the verdict of death was based, declared there was no obligation under international law to grant the request of the American embassy to appoint a defender for Captain Fryatt. The foreign office, Prof. Shuecking said, made endeavors in this direction, but the various circumstances rendered such action impossible.

He argued that there was in existence a principle of war usage, making a private person assisting a part of a belligerent force liable to the death penalty for war treason.

The commission investigating the execution of Captain Charles Fryatt by the Germans in 1916, has decided that the shooting of the captain did not violate international law. The committee, however, expressed regret at the rapidity with which the sentence was carried out, according to advice received here from Berlin, where the investigation was held.

## Invalids From Siberia

Vancouver.—The C.P.R. steamship Empress of Japan is expected to arrive April 9 from the Orient, carrying a number of invalid soldiers and officers from Siberia. According to information received here the Japan has 700 men and six officers on board.

TOWNSMEN

How many rounds before the knock out? That knock out blow, when "Mr. Out-of-Town Trade" gets his final "wallop" from home interests. Are we in training for it? Here is a fight in which the interests of the entire country are one. It is all of us—our men and our children, our towns and our neighboring towns—against this one evil. Our champion is ourselves—all of us, welded together into co-operative whole. Will our man win, And when? It all depends on us. If we think as one man, act as one man, trade at home as one man, then we are in good training for that final knock out. In reality we are one man at the ring side. We are in the fight. In this picture we see ourselves, arrayed as Home interests, triumphant.

Hans Pay Gold for Food  
Paris.—The French foreign office was advised that \$55,000,000 in gold was deposited by the Germans in the Belgian National bank at Brussels. The gold is collateral for the payment of foodstuffs which the allies are permitting to enter Germany.

Did Not See Kaiser  
Report of Interview by Begbie Has Been Denied  
London.—The articles in the London Chronicle by Harold Begbie, describing his visit to Amnengen, quoting the former German kaiser's alleged state of mind, charging Russia with responsibility for the war and asserting his innocence of any guilt, have attracted wide attention. The London bureau of the Associated Press received the following telegram: "Amnengen. "Harold Begbie has not had an interview with the former emperor. His written questions remain unanswered. He did not receive any authorization to publish the emperor's views, and no statement was given to him. He never saw the emperor; neither did he enter the castle gates." (Signed) "Carlos Bentinck."

Cottin's Appeal Is Rejected  
Paris.—The appeal from the death sentence of Emile Cottin, the assistant of Premier Clemenceau, has been rejected by the revolutionary court martial. An appeal to the court of session is still open to Cottin.

You reckless men and women who are predestined with corns and who have a corn on your foot, you have a duty to use a drug called 'Cornettes', which the moment a few drops are applied to any corn, the corns are relieved and soon the entire corn is gone. It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue. It is claimed that a quarter of an ounce of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

## The Yellow Peril

Captain Martin Smith Says Japanese Will Not Tolerate Discrimination

Ottawa.—"We have finished the fight over yonder, but this has not by any means settled the world problem of race. Captain Martin Smith of Vancouver, who is stopping in Ottawa for a few days on his way home, "Canada has to face, as also never has before, the yellow peril," he continued. "The Japanese is a high spirited man and if discriminated against, he feels slighted."

Captain Smith held out fears that the world may yet be in the throes of a death struggle when the white and yellow races, comprising the Japanese, Chinese and possibly other oriental nations, clash for world supremacy.

## Stuttgart in State of Siege

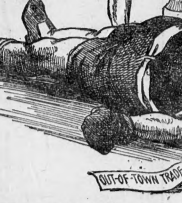

Street Traffic Forbidden After Nine O'clock at Night

Stuttgart, Germany.—The city government has proclaimed a state of siege in the city of Stuttgart, and its environs. All shops, theatres and public places must close at eight in the evening until 9 o'clock in the morning and all street traffic is forbidden after 9 o'clock at night. The center strike which was called as a protest against the general walk out of workers has been joined by tradesmen, merchants, manufacturers, state and municipal officials, doctors, and chemists. No local papers are issued and postal and train car services have been suspended.

# Allied Forces in Danger in Russia

## Made Admirals of the Fleet

London.—The King has approved the promotion of Admiral Viscount John Jellicoe and Vice-Admiral Sir David Beatty to be "Admirals of the Fleet" in recognition of their distinguished war service.

## End Your Catarrh To-Day

Catarrh sufferers, meaning those with colds, sore throat, bronchitis, etc., can all be cured, bright at home by inhaling "Catarrhose". In using Catarrhose you don't take medicine into the stomach, you just breathe a healing piney vapor direct to the lungs and air passages. The purest balms and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, raw secretions are destroyed, nature is given a chance and cure comes quickly.

Colds and throat troubles can't last if the pure healing vapor of Catarrhose is breathed—sneezing and coughing cease at once, because irritation is removed.

Use Catarrhose to prevent—use it to cure your winter ill—it's pleasant, safe and guaranteed in every case.

The northern Caucasus from the Black sea to the Caspian sea, has been entirely cleared of the Bolsheviks as the result of the successful campaign of the army of Gen. Denikin. The region in January and February, according to an official report issued here.

The anti-Bolshevik leaders, fighting having ceased, are forming new forces of Cossacks and other natives. The report says that the capture of Vladikavkaz on January 28, by troops under Gen. Surov, completed the campaign against the Bolsheviks, in which 50,000 prisoners, more than 2,000 guns, 350 machine guns, 100 locomotives and thousands of railway cars were taken.

A report from London on February 13, said that the army of Gen. Denikin had scattered a Bolshevik army of 100,000 men, of whom more than 10,000 were made prisoners.

Failure of the offensive in the direction of Tukkum, in Courland, west of Riga, is admitted by the Russian Soviet government, in a wireless message received here.

The message adds that fighting is in progress in the direction of Mitau, southwest of Riga, and in the region of Pskov, northeast of Riga.

## A CHILD HATES OIL, CALOMEL, PILLS FOR LIVER AND BOWELS

Gives "California Syrup of Figs" if cross, sick, peevish, constipated

Look back at your childhood days. Remember the "dose" mother insists on—castor oil, calomel, pills. How you hated them, how you fought against taking them.

With our children, it's different. Mothers who cling to the old form of physic simply don't realize what they are doing. The children's revolt is inevitable. The mother's little "insides" are injured by them.

"If your child's stomach, liver and bowels are not clean, give only 'California Syrup of Figs.' Its gentle, natural, gentle, mildness of mothers keep this harmless 'it' as healthy' handy; they know children love to take it. It never fails to clean the liver and bowels and sweeten the stomach; and that a teaspoonful given today saves that a sick child tomorrow."

"Ask your druggist for a bottle of 'California Syrup of Figs,' which has full directions for babies, children of all ages and for grown-ups plainly on the wrapper. It is sold in every drug store. See that it is made by 'California Fig Syrup Company.' Refuse any other kind with caution."

Gen. Byng Not Leaving Army  
London.—Although Gen. Byng has declined to take command, it is understood he is not quitting the army entirely, as has been stated.

# Bolsheviki Propaganda Spreads in Germany

London.—Describing the outlook in Germany, the Berlin correspondent of the Mail says the crisis which is rapidly approaching seems certain to be greater than either the January or March revolutions.

"One of the storm centers is Bavaria, especially Munich," he writes. "The situation in southern Germany has completely changed during the last three weeks. Thousands of people, including many women, attend meetings at which unadorned Bolshevism is advocated and de-

mands are made for the abolition of parliament. A political section has arisen, not even stronger than the Spartacists. The members of this party call themselves syndicalists and are, apparently, led or inspired by 'Lenin' who, according to Dusseldorf when government troops occupied that city after the last uprising."

"Bolshevism is working in Germany by propaganda as it did in Hungary and is wrecking and removing opportunities for work."

London.—The serious situation in the Murmansk region and the attempt by the Bolsheviks to drive the allied forces on the Archangel front are the cause of much anxiety here.

Sir Ernest Shackleton, the explorer, who has just returned from Russia, where he supervised the winter outfitting and feeding of the expedition, confirmed the danger to the allied position and armies. He is credited with stirring British officials into a keener realization of the seriousness of the position in Russia.

Sir Ernest Shackleton is director of equipment and transport of the northern Russian expeditionary forces and has visited points on "Murmansk front" where the allied forces are in danger, that both fronts are in danger, and that the Bolsheviks are a very real one, because the entire forces are outnumbered by the allied and well armed and equipped troops in close touch with the allied forces, but by no means, strong front.

The northern Caucasus from the Black sea to the Caspian sea, has been entirely cleared of the Bolsheviks as the result of the successful campaign of the army of Gen. Denikin. The region in January and February, according to an official report issued here.

THURSDAY, APRIL 10, 1919

### Bindloss Welfare

A number of dances, etc. have been held at the homes of Mrs. J. Falconer, J. Boes, and Mr. Chesney lately. The people have been entertained by recitations given by L. Falconer and H. Gallup. Song and music have been rendered by our local talent. Jokes and stories have also helped to while away the time at these social unions. We expect April 4th will see the close of this season's entertainments and dances held by this jolly circle.

Tom Chesney bought a nice team of "clydes" at the the Hawkins' sale.

The snow is disappearing and our farmers are getting ready for seeding in this district.

Rumor tells us that Mr. and Mrs. F. Lydsman and Mr. and Mrs. J. Payens are now well on their way to their happy home-lands.

Mr. A. L. Insley arrived at Bindloss, with two or three carloads of horses and effects. Mr. Insley is taking charge of his farm again.

Mr. Cross has now taken over the Fred. Demorest farm.

F. Demorest, we are informed will start a gooseat Bindloss soon.

Mr. Sanasac has returned from the U.S. and has again taken charge of the pool hall.

The Bindloss cafe has undergone several changes which make for good improvement.

Mrs. H. England, who lately underwent an operation on her throat, is reported to be progressing favorably.

Mrs. C. Debolt, is now convalescent, and it is hoped that she will soon regain her former health.

Tenders are now advertised as wanted for the new school-house.

The local lumber yards are well stocked in anticipation of good business.

### CARE AND REPAIR OF FARM MACHINERY

(Experimental Farm Note)  
A big leak, usually unrecalled, occurs through the meagre attention given farm implements. The care of farm machinery is a phase of farm management that does not usually receive the attention its importance warrants. In the rush to get the crop into the ground at the proper time and in the best possible condition for satisfactory returns or to gather in the harvest promptly, the care due the implements, which have made each operation possible, is lacking or performed in a

more or less haphazard manner. As a consequence, part of the toll-earned revenue of the farm is swallowed up in the purchase of new machinery or expensive repairs, which might have been avoided had proper precaution been taken in time.

Throughout the Experimental Farm system, attention is given, so far as circumstances permit, to this factor in farm management. All implements are cleaned and placed under cover when not in use, all polished surfaces receiving an application of anti-rust preparation. Axle grease or other lubricant will answer this purpose. As shelter, many types of structure are suitable. Besides it is not always necessary to go to this expense since any weatherproof building already available will answer the purpose.

It is advisable to go over each machine after the day's operations, making proper adjustments, tightening loose bolts, making sure that lubricating devices are working properly, that the bearings are not too high or too loose and that cutting parts are sharp. An assortment of bolts, rivets, springs, etc. for each machine is provided and allotted a definite location in the tool room. This saves many trips and probably valuable time, and the plan systematically carried out, results in the prevention of many breakages. Besides, an implement in repair at all times has a longer life and more satisfactory service than one that receives erratic attention.

To carry out this work satisfactorily a properly fitted workshop is necessary. It provides a comfortable place to work in during bad weather, and in which those who may so desire may develop their mechanical skill. It should be equipped with the necessary tools including anvil, forge, work bench, vice, tongs, hammers, benders, punches, drills, square, chisels, saws, wrenches, etc.

W. Jull, inspector under Soldier's Settlement Act, was a business visitor here the first of the week, making inspections in connection with the soldier loans for this district.

## Quality Printing

We are prepared to execute orders for artistic printing which will command attention by its striking and original advertising features. Our greatest efforts are always made to maintain the printer's highest and best standards of excellence.

### Hot Beds and Cold-Frames

By the use of hotbeds and cold frames plants can be grown through their earlier stages out of doors even before the growing season has arrived. By the use of these, garden crops can be secured much earlier in the season than if seeding is delayed until the soil is warmed up in open garden. Such vegetables as peppers, egg plant, melons, etc., can be so hastened in the spring as to ensure their maturing before the frost period arrives in many parts of Canada where these crops are usually grown. Such crops as radish, lettuce, spinach and other vegetables can be made to reach a marketable size relatively early in the summer.

While hotbeds, as the term signifies, are heated with fermenting manure, the cold frame depends upon the sun shining through the glass sash to warm up the soil and start growth. The cold frame, for that reason, is more easily adopted, although it cannot be used to so great an advantage.

This information is taken from Pamphlet No. 19 of the Dominion Experimental Farms, written by Mr. W. T. Macoun, Dominion Horticulturist, and available at the Publications Branch, Department of Agriculture, Ottawa. The method of constructing hotbeds and cold frames, as well as the system of using them, are fully described in this publication.

The Village Council at their

meeting last Thursday passed a resolution favoring the forming of a local hospital district under the Provincial Health Act. A copy of the resolution has been sent to the Deputy Minister of Health. It is expected that an organizer will be here shortly to organize the district.

Win. McTavish, a former member of the 48th Highlanders of Toronto, and recently returned from overseas was the guest of friends in town, over the week end. Mr. McTavish has three wound stripes as evidence of his service at the front. He expects to resume his residence at Aerdin Valley.

Alex. McDonald returned Monday from the Peace River country where he spent the winter as guide and interpreter

for Dr. McGill of Athabasca Landing. "Flu" was very bad and took a heavy death toll of the Indians, and the Doctor's trips were made by dog train. Sickness prevented the Indians from doing much trapping, and the fur catch was very slim.

("Dad") E. Leonard, arrived in town on Monday, Mrs. Leonard will arrive here shortly. "Dad" is having the Dairy Lunch building renovated and cleaned preparatory to opening. Old-timers are pleased to see him back.

The Board of Trade will undertake the establishment of a labor bureau, should there be sufficient demand for help from the farmers.

Several residences in town have been undergoing interior re-decoration at the hands of the local painters.

# The Monthly Cheque That Never Fails

## How the Money was Lost

"You see I had only a few thousand dollars left after the estate was settled—"

and my brother borrowed some to help him along; of course that went and then—

I simply had to help father with his business, he was so worried—

and I thought it best to invest something in real estate at once. Well, that failed—

and, really, if it were not for the monthly income cheques from the Canada Life I don't know how I should be getting along now."

It is all so simple and effective!

Just a few dollars set aside regularly, and the Canada Life will guarantee to your home a continuous monthly income.

While you will probably live to draw the proceeds of the policy yourself, what a relief to know that no matter what may happen, the monthly cheque that never fails, issued regularly by the Canada Life, will come to your home.

Your present Life Insurance will no doubt "clear the mortgage," pay off the obligations of your estate, and leave something for your family, but

## Consider This:

In addition to a "lump sum" of money, you should provide a definite income that cannot fail.

A weekly or monthly income is the natural thing for most people.

A woman can keep a family together on even a small income, provided it is regular.

Financial problems should not be thrust upon a woman who is not used to business deals.

The hands of unscrupulous men are always outstretched for money held by the unwary.

## The Monthly Income Plan

You will be surprised to learn what a reasonable proposition can be made to you; how only a few dollars saved and set aside from your regular earnings can be multiplied into a substantial income for your Beneficiary.

Tuesdays, Thursdays and Saturdays	Every week day, except Sundays

Good Friday, April 18.  
N. D. Storey was a business visitor to Estuary Tuesday.

Mrs. M. J. Enders, left for Cavendish on Tuesday.

H. L. Massingill was a business visitor to Estuary last week.

J. N. Anderson has been confined to the house, for a few days, with eye trouble.

Edward Burnett, of Estuary, is the guest of friends in town for a few days.

J. G. Reedy, is suffering from sore eyes, and his barber shop has been closed for several days.

T. F. Simpson, manager of the Cavendish general store, was a business visitor here on Friday of last week.

A movement is on foot among the former members of the Gun Club to hold a trap shoot on the local grounds on the Queen's birthday.

The Hick's residence, brought in from their farmstead, is being improved by addition of verandah, etc. The house will be occupied shortly by Mrs. F. Hicks and family.

Mrs. M. L. Higgins returned home last week from Portland, Ore., where she has been spending the winter.

A recent sale of land near to town was consummated at \$60.00 per acre. To date, this is the record price paid for acreage in the Empress district.
